From Marco De Angelis: A bad news, Mary Zins, a very good American illustrator, passed away at the age of 55. I had heard her recently about the cover of Buduàr, and she had written that she was moving from Tacoma (Washington State) to Ohio due to family problems ... In fact she had serious health problems. Good bye dear Mary, thank you for your art and for your fine satire.

[Director| Raed Khalil](#)
