International Shiraz Metro Cartoon Festival 2021

## International Shiraz Metro Cartoon Festival 2021

Among Iranian metropolitan cities, Shiraz is the only one that has "clean air"! We would like to maintain and improve this situation so that the birds and butterflies return to our city. Therefore, Shiraz Municipality Metro Organization will hold the International Shiraz Metro Cartoon Festival in May 2021 (Ordibehesht 1400), simultaneously with "Shiraz week". This organization respectfully and proudly invites all cartoonists from all over the world to create and submit their works to participate in this festival
